started old soldier who is so grandly bearing the banner of democracy in the greatest contest ever waged in the Prairie state since the days of Douglass. He is accompanied by Hon. Andrew Welch, of Yorkville, candidate for auditor of state, and other gentlemen. The canvass that Gen. Palmer is making is attracting the same started and the gentlemen. The canvass that Gen. Palmer is making is attracting the continuation of the same and three them and there. This he refused to do, and it was so reported to the men in waiting at Seamen's bail. Upon receiving this news it was maniformly decided to strike, and as soon as the last all night car was run in—about 6 o'clock this morning—all the lines on the west side were to be tied up. edy old soldier who is so grandly

Facts vs. Fatschood.

In some quarters we are charged, I believe, with being emissaries of England and missionaries of some kind of "Cobden club". About the nearest club recognition men like me may expect to get in Great Britain is from the club of a policeman. Free trade is an impossibility in this county, even if it were desirable. To tion men like me may expect to get in Great Britain is from the club of a police man. Free trade is an impossibility in this county, even if it were desirable. To

the United States free raw material as far as possible, and protection for capt tal and labor by a tacle on all main factured goods over 41 per cent. This is more than twice as high as the tariff of 1890, hearly as high as the tariff before the dishonest revision of 1883, and much higher than any previous tariff revision since the war, and, with the free list proposed it to far more favorable to American manufacturers and labor than ared millionaires and beggars monopo-lats and puspers. It gives one employer ti 500 000 a peur profits and his men sixty It is unjust, oppressive and | with canvas arms, spread out to catch the

pounds.

The effect of monopoly tariff on capitalistic combinations does not stop with those above enumerated. The tendency of the system is to foster trusts of all kinds, and to encourage close combina-tions of capitalists hostile to the interests of 'abor and to individual business enter-prise.—New York Star.

Rock Island is honored today with the juvence of Gen. John M. Palmer, the singly old soldier who is so grandly old soldier who is so grandly

den Palmer is making is attracting the wide pread attention of the country. Confronted by a large and seemingly unconquerable majority, he started forth to scale the republican battlements with an interplity and courage which only a solution could possess. John M. Palmer and the hatch to pass the bunches at the polla, and the spirit and vim which he has thrown into the campaign a salar person over pounds and the emocrated legion of this great state into an activity never before felt. It sen't the democracy of the deck. The constantly on the whart keeping has a wakened the democrated legion of this great state into an activity never before felt. It sen't the democracy of the state of the polls, but a bouyage, suggressive and entities that the people will endorse them at the polls.

Gen. Palmer stands the wear and tear of the campaign well. He looks as sturdy as the forest oaks and as serone as a summer morn. His eye is bright and his step firm. With only four weeks left before the people pass judgment at the polls, be looks as fresh and spirited and his step firm. With only four weeks left before the people pass judgment at the polls, be looks as fresh and spirited in the short of the remaining weery herve to get a beggarly plurality for the short of him when the campaign opened, has dwindled and dwindled until the whole republican machine in the state is striced and the other way have a considered and dwindled and dwindled until the whole republican machine in the state is striced and the strices of the strice of the campaign opened, has dwindled and dwindled until the whole republican machine in the state is striced and the strices of the strices and the strices were beginned and dwindled until the whole republican machine in the state is striced and the strices and the strices and the strices were becaused on the polls. The contract of the campaign opened, has dwindled and dwindled until the whole republican machine in the state is striced and the strices and the strices and the strices and the strices and th Gen. Paimer is making is attracting the position that it made a platform large enough widespread attention of the country for two men to stand on about four feet

then the other, each one as he handed his republican machine in the state is strains ing every nerve to get a beggarly plurality for their ticket. Even now, Palmer has the best of it, but not until the 6th of next month will the republicans fully realize that an era of reform has swept the state as it did New York in 1882. Palmer and lower taxes is what the people want.

Facts vs. Falsehood.

out, with 300 log-means of rugar in the hold, a great weight of managany logs and some \$200,000 000 a vent, and the people must pay it somehow. We raise from the internal revenue about \$118,000,000, and from custom duties the tariff the remainder must continue to be raised in definitely. But at present we raise the requisite amount and more, hence the surplus. overboard without eccumony. It seemed impossible for the man to keep swinging his cutlass in the midst of that harrying crowd passed proposes to put lumber, sait tin plate and wood on the free list—to pay no duttes at all—and to reduce duttes on foreign manufactured goods from an average of \$41.10 or each \$100 worth to a little over \$41 to meh \$100 worth, or less than I per cent. In other words, the purpose is to give the manufactures of the United States free raw material as wranging and quarreline, and in such cases to United States free raw material as wranging and quarreling, and in such cases

possed, it is far more favorable to American manufacturers and labor than if more had been ready; but another steamer any tariff that has ever been in this country. This bill has been framed in the interest of the workers, not in the interest of the workers, not in the interest of a favored class. It will easile us not only to hold our own tracket against the world, but compute introducing the properties. our own trarket against the world, but carefully packed as a lady's trunk, and so ar-compute abroad with other producers, thus canged that the air will reach them as much giving more work and better wiges to our as possible. A fruit steamer is a mavvel in working people. Under the present working people. Under the present the way of pipes and ventilators and all sorts with the way of pipes and ventilators and all sorts described in the present of contrivances for keeping bananas in good condition. The deck of the Alvo, as soon as bred minimumstres and beggars—monopole. But no provides the present of the p ness of great iron ventilating funnels, each as high as a man's head, and each re-enforced

what might occur before the trouble was The fact that the mule citizens of the north

The fact that the male citizens of the north side declined to take the risk of riding on the cars while matters were so unsettled did not defer the fair sex, and by the time the cars reached the terminus at the court house on Washington and Clark streets there were a washington and tark streets there were a number of lady passengers. An immense crowd stood on the court house steps and lined both sides of Clark street for a block and a half. As each car arrived it was greeted with cheers and grouns, according as the empty or crowded condition of the veideles called for the one or the other. When the women dismounted from the cars When the women dismounted from the cars they were made the butt of considerable ridicule, and boots of displeasure met them on all sides.

One of the striking conductors said nearly

One of the striking conductors said nearly sway strike was embarrassed by the women. Said he. "They can't be kept out of the cars. They won't walk if they can help it, and they bate to ride in buses or in express wagons, even when the weather is warm."

While the north side cars were making their lab-red trips the west side force of car men were in a ferment over what it might all mean for them. Their executive committee was in session nearly all day, and at 11 a. m. a committee headed by their president, Luke Coyne, went to the north side offices to see Mr. Yerkes, and northy him that if he did not accede to the demands of that if he did not accede to the demands of the north side hands the west side roads would be tied up. This visit came to noth-ing, as Mr. "erkes declined to talk to Presi-dent Coyne, saying that he would treat only with men employed by the company, which

WOMEN JEERING THE NEW MEN. Mr. Coyn is not. This was taken by the committee as an insult to their president and they left the room, and it was reported that they would immediately order a strike on

they would immediately order a strike on the west side.

There seemed to be a possibility last night that an arrangement might be reached by which the impending west side strike settled. The committee which President Verkes refused to receive yesterday afternoon did not, as was expected, order an immediate strike on the west side lines, but after remaining in session until 5 o'cite & decided to submit its report to a full meeting of the men and allow them to decide upon the action to be taken.

Resumption of the Tariff Debate in Congress.

resulted in any agreement and that it was not likely one would be reached. The west side men were still in session awaiting the result of the negotiations.

The State Secretary on the Stump at Wilmington, Delaware. Mr. Yerkes Produces No Feace, Neither Side Being Inclined to Make Concessions—New Men Kun a Few Cars, Full of Police, Through the Streets.

CHICAGO, Oct. 9.—The Latest.—The west side men decided at 4 o'clock this morning to inaguratg a strike on all the lines in their division of the city. This action was brought about by the report of the committee that called on Mr. Yerkes at 3 o'clock this morning asking for further demands for the North side men. Mr. Yerkes asked for more time, saying he would let them know later in the day. The committees said he must decide then and there. This he refused to do, and it was so reported to the men in waiting at Sea. man's ball. Upon receiving this news it was unanimously decided to strike, and as soon as the last linight car was run in—about 6 o'clock this morning—all the lines on the cities of clock this morning—all the lines on the cities concerned and increase of o'clock this morning—all the lines on the side men decided the morning—all the lines on the lines in their division of the report of the committee that a second of the committee that a second of the city of the strike and a prospect of the committee that it was to be the second of the productive new of labor. Chicago's Nine Visits the President. WASHINGTON, CITY, Oct. 9 - The Chicago

Seems to be Pretty Comprehensive.

Washington City, Oct. 2.—The secretary of the treasury yesterday received a telegram from the collector of the port of Suspension Bridge, N. Y., informing him that it was understood there that a number of Canada laborers had left Chicago for Suspension Bridge, N. Y., traveling through Canada en route. Assistant Secretary Maynard replied that "the department has no authority, under the Chinese exclusion act of Oct. 1, to admit Chinese laborers coming to your port from Canada, whether on through tickets from Chicago or not." Seems to be Pretty Comprehensive

Senator Fair talks of buying the Lick house at San Francisco for \$1,250,000. That would be a Fair price. During the last five years 425 lives

have been lost at sea among the English herring fishermen.

SOMETHING NEW AND VALUABLE

THE ALDINE

Is constructed on scientific principles. Unlike any other grate it has a return taft. This insures slow and perfect combustion economy of fuel, perfect ventilation, distribution of heat and equalivation of temperature from floor to ceiling. Burns hard or soft coal, coke or wood, and h s five times the heating capac ity of any other grate on the market.
