Which has Been Sustained for Many Years. "

It often takes a man years to build up a reputation, and what better proof of character is there than a life spent in rendering assistance to suffering mankind? Unquestionably there is none; and if age is a test of character, then the remedies of Dr. Radway are too courbly established in the estimation of the public, for there is a continued demand for them even after years of use. New remedies are brought out daily, and for a brief time their virtues are exaited as a panacea for every it that flesh is heir to. In a great many cases the remedies are extensively al-

for every iii that flesh is heir to. In a great many cases the remedies are extensively advertised and the proprietors thereof rely more upon the faith of the patient in their efficacy than upon any curative powers which they possess. There are very few proprietary medicines which have stood the test of time, and for which, even after being years before the public, there is an increased demand.

Among this number, perhaps the foremost, are those bearing the well-known mame of Dr. Radway & Co. For years Dr. Radway has urged the public in all cases of scute and chronic cheeses to use his world-renowned remedies, and he has done so by means of newspatiers, books and pamphiess. There are three different remedica, each one adapted to the down arrange of compliants. There carraive quarters have become shown to residents of ever, quarter of the globe, while skilled physicians apparentale the fact that they contain no incompatible elements. This reminds us of the case of Dr. Frank Hawthorn of New Otleans. He was lecturing before the Louisianz university on the pe uliarly deceptive character of Kidney disease and the methods of incroscopical and chemical tests.

After having shown specimen after specimen of diseased fluids, and male very clear the point that kidney disease may exist without the knowledge or suspicion of the satient or practitioner, with gracious self e nfidence he remarked "Now, gentlemen, let me show on the healthy water of a strong, well man." He applies the test!

He staggers! "Gentlem n. I have made a terrible discovery! 'he g sps, "I m self have the fatal Bright's disc se!"

In less than a year this specialist of the commonest and most fatal of diseases was dead. He was a victim of advanced disease the pres nee of which in himself he had never suspected.

L. B. PRICE, M. D., a gentleman and physician of the highest standing of Hanover C. W. T. CRAWFORD, proprietor St. Charles Hotel, Richmond, Va., and well known all through the South, several years ago was in the death agony from kidney disease, convulsions and Bright's disease. The best Philadelphia specialists in such diseases pronounced him practically dead and incurable. Everything class failing, he took Varner's Safe Cure abundantly and regularly, until fully restored to and regularly, until fully restored to health, and now he says: "After a lapse of many years I am as sound as a dollar, with no symptoms of my old trouble. I owe my life to Warner's Safe Cure."

Kidney disease is the most deceptive, the most universal and the most fatal

If the most learned men cannot know without the see o micros coleal and chemical tests that they have kidney disease, how much more liable is the ayman to be, unknown to himself, in the very aws of death, who does not feel as well as formerly, but who does not think anything sp cially alls him, and whose physician nay assure him that he will soon be "all right.

PISOS CURE FOR CONSUMERION

GOLD isworth No) per h. Pettit's EyeSalveis worth When writing to Advertisers please say

The only medicine for woman's peculiar ailments, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded, is Dn. Pierce's Pavonitz Prescription. This guarantee has been printed on the bottle-wrappers, and faithfully carried out for many years.

THE OUTGROWTH OF A VAST EXPERIENCE.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favor-

TO WOMEN.

A SCOTTING and strengthening and strengthening nervine, "Favorito Prescription" is unequaled and is invaluable in allaying and subduting nervous excitability, exhaustion, prostration, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

and relieves mental anxiety and despondency.

Br. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skilful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system.

A MOTHER'S

GORDIAL

The Prescription is a "mother's cordial," relieving nausea, weakness of stomach and other distressing symptoms common to that condition. If its use is kept up in the latter months of gestation, it so prepares

the system for delivery as to greatly lessen, and many times almost entirely do away with the sufferings of that trying ordeal. CURES THE WORST CASES.

"Favorite Prescription" is a
positive cure for
the most complicated
and obstinate cases
of leucorrhen, or

flowing at monthly periods, painful men-struction, unnatural suppression, prolap-sus or failing of the womb, weak back, "female weakness," anteversion, retrover-sion, bearing-down sensations, chronic congestion, inflammation, and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

FOR THE KIDNEYS.

"Pavorite Prescription," when taken in connection, with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Lattle Liver Pills), cures Liver, Kidney and Biadder discusses. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

TREATING THE WRONG DISEASE.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from it or kidney disease, another from nervous exhaustion, or prostration, another with pain here or there, and in this way they all present the tothemselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he prescribes holds and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some wome disorder. The particular indicates the cause of suffering, encourages his practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dat. Plance's Favoritz Prescuption, directed the cause, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery.

Ars. E. F. Mordan, of No. 71 Lexington St., Fait Boston, Mass., says: "Five years ago I say a dreadful sufferer from uterine troubles. I was completely discouraged, and so weak I could with difficulty cross the room using the local treatment recommended in his 'Common Sense Medical Adviser.' I commenced to improve at once. In three months I was perfectly cured, and have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing me for them, and enclosing a stamped-envelope for reply. I have resceived over four hundred letters. In reply, I have described my osse and the treatment used, and have earnestly advised them to 'do likewise. From a great many I have resceived second letters of thanks, stating that they had commenced the use of 'Favorite Prescription,' had sent the \$1.50 required for the 'Medical Adviser,' and had spelled the local treatment so fully and plainly laid down therein, and were much better already."

Retroverted Womb.—Mrs. Eva Koniza, of Crab Orchard, Ntb., writes: "Dr. Pierce's Favorite Prescription has done me a great deal of good. I suffered from retroversion of the uterus, for which i took two bottles of the 'Favorite Prescription,' and I am now feeling like a different woman."

Doctors Failed.—Mrs. F. Conwin, of Post Creck, N. F., writes: "I doctored with three or four of the best doctors in these parts, and I grew worse until I wrote to you and began using your 'Favorite Prescription.' I used three bottles of it and two of the 'Golden Medical Discovery,' also one and a half bottles of the 'Purgative Pelleta.' I can do my work and sew and walk all I care to, and am in better health than I ever expected to be in this world again. I owe it all to your wonderful medicines."

A VOICE

Mrs. Ed. M. Camprella, of Oakland, California, writes: "I had been troubled all my life with hysterical attacks and parcent of the second of the

Well as I Ever Was.—Mrs. John Stewalt, of Chippena Falls, Wis., writes: "I wish to inform you that I am as well as I ever was for which I thank your medicines. I do all my own work; am able to be on my feet all day. My friends tell me I never looked so well."
